Long-term contingency / contact (private)

Confirmed on

When plans change

If the owner becomes unavailable, who takes responsibility and how are they notified?

If the home or enclosure becomes unusable, what lawful backup location and transport are arranged?

Where can the caregiver securely obtain records, equipment and any access instructions?

Caregiver confirmation

- ☐ Each backup caregiver has explicitly agreed to their role.
- ☐ Transport, containment, and temporary-care legality have been checked.
- ☐ Care instructions, records and emergency contacts have been reviewed.
